## MADE HIMSELF A PRISONER.

**Young Sneak Thief Whose Would-be Burglary Ended in Woe.**

Soon after S. E. Hudson, who conducts on South Elm street one of the busiest grocery stores in the city, opened his place of business at 5 o'clock this morning, he heard a noise behind one of the counters. He had just lighted the gas, and looking toward that part of the store he saw the back of a man, who, stooping behind the counter, was running toward the front door which had just been opened. Mr. Hudson headed him off at the end of the counter and the man surrendered.

He was allowed to tell his own story, which is as follows: Just before the closing hour last night he secreted himself among some barrels in the rear of the store, hoping, at a later hour, to take what he could conveniently carry and get out. He had thought this an easy matter; but when he had collected what he thought he would steal, he discovered that he was caged. Every window and door was securely locked and barred, inside and out, and all efforts to get out proved futile. He could only wait and hope to get out this morning. He failed in this and is now a prisoner in Guilford jail.

He is a young white man, perhaps 17 years old, and gives his name as Davenport. It is thought that he is the same man who was arrested here a few months ago for forging an order. He says that he had partners, who were to have assisted him in carrying the goods away. This may be true, for outside the back door this morning Mr. Hudson found a good supply of canned goods, etc., which the sneak thief had dropped the bars.

Davenport is considered an adventurous young man, though when a struggle is ahead he is as submissive as a bird dog.

## HIS CLOTHES STOLEN.

**And the Sheriff Would Not Arrest the Accused.**

Around the depot this morning and at noon was a young man who attracted more than one man's usual share of attention. His name was John A. Holbrook, of Wilkesboro and he was mad and in distress. He arrived here yesterday afternoon on his way to Wake Forest College, and while riding around the city with a rough-looking stranger last night, the stranger grabbed the package, jumped from the carriage and ran and Mr. Holbrook had not seen him again up to the time he (Holbrook) left the city today.

He spent the morning here to secure evidence for the arrest of the thief, but when his evidence was secured, Sheriff Gilmer for some reason, refused to have the warrant served. Mr. Holbrook feels that he has been treated badly, though he was drinking last night and this morning and the sheriff had very little faith in him.

## School Notes.

All the city public schools except No. 3 white, will open next Friday. It is very important that all enter on the first day as the work begins on that day.

Examinations for all new white pupils will be held by the superintendent at his office on Wednesday and Thursday mornings (7 to 12 o'clock) from 9 to 12 o'clock; on Wednesday for pupils from 8 to 12 years of age; on Thursday for those from 12 to 21.

On Friday the list of books will be given and the lessons for Monday will be assigned to all pupils holding tickets of admission. As soon as this has been done they will be dismissed till Monday.

All children who failed to get tickets of promotion last session will be examined by their grade teachers on Friday morning.

On Thursday morning the colored principals will examine all new pupils who desire to enter the colored schools.

The superintendent will be in his office every morning this week at 9 o'clock to consult with parents or children who wish to see him.

## ALSTON 10, RANKIN 6 YEARS.

**Judge Brown Sentenced Them this Morning.**

Immediately after court opened this morning Judge Brown sentenced Rufus Alston and Robert Rankin, the two boys convicted of criminal assault to terms of ten and six years, respectively, in the state penitentiary.

In his remarks after the sentence was passed, his honor said that he had been rather in favor of punishing the boys by death and expected the jury to find them guilty in the first count of the bill. He said, however, that the jury had acted wisely and that as they had considered the case rightly, he would make the sentence light, after due consideration. He expected it to have the same effect as a long sentence, which it, no doubt, will.

## CONFESSION OF RENAULT

**Before Court of Cassation Reiterated at Rennes.**

## DREYFUS BRAVOED BY AUDIENCE

**Everybody Coming Into Court Room Searched Owing to Fear of Secret Assassins.**

By Cable to THE TELEGRAM

Rennes, August 31.—The session today is behind closed doors. The time is occupied in discussing the artillery movements which Dreyfus is charged with revealing.

## DREYFUS BRAVOED.

Rennes, August 31.—After the secret session, Capt. Lebrun-Renaud reiterated his testimony before the court of cassation. Witness said he didn't refer this confession to President Casimir-Perier because he overheard a conversation during which he was called a traitor, a canaille and a cur. Dreyfus, with much emotion, denied the confession. The audience bravely Dreyfus. Capt. Auton repeated what Capt. Patelet had said regarding the confession. Labori pointed out that Patelet had not spoken to his chiefs on the subject. Mercier rose and said that that was true. Major Forziellet testified that he frequently met Renault who never alluded to the confession. Forziellet said he had told Renault that if he had said he told him of Dreyfus' confession, he was an infamous liar.

## EVERYBODY SEARCHED.

Rennes, August 31.—This morning every person entering the court rooms was searched. This will be done every day owing to the fact that numerous letters have been received threatening to shoot Dreyfus and other prominent persons.

## KILLED BY A POSSE.

**A Loud-Mouthed Stranger, Heavily Armed, Shot Near Georgetown, Ala.**

Two strange white men, one of whom was armed with three pistols, a Winchester rifle and a dirk, put in an appearance at Morgan Warner's home, five miles from Georgetown, this afternoon.

It was not long before they began to denounce southern lynchings and to abuse the virtue of southern white women so vehemently that they were ordered away. Instead of obeying they grow worse when Warren threatened their arrest, and proceeded to Georgetown for that purpose. One of them thereupon threatened Warren's life and proceeded to follow him. Warren kept out of the way, however, and upon approaching Georgetown organized a posse of four armed men and proceeded to return.

Upon reaching a creek two miles away, the strange man arose from ambush and pressed his rifle, when he was immediately fired upon by the posse and instantly killed.

The dead body was brought to Georgetown, where a jury was impaneled, who pronounced the killing justifiable homicide.—Eufala, Ala., special, 28th, to the Atlanta Constitution.

## A Card.

In consideration of the past unfavorable experience in selling school books on time we have decided in the future to sell only for cash. We have come to this conclusion for the following reasons: First, we have to pay spot cash for the books ourselves. Second, in the rush at the opening of school it is impossible to avoid failure to charge items; and lastly, we always lose a considerable percent by bad debts. Now we do not mean any reflection whatever to our patrons who have paid promptly in the past, but we feel that we are bound to adopt this course in view of the small discount on school books, and the reasons given above. It is hoped our friends will not make it hard for us by asking us to break this rule, for we shall be compelled to refuse all, no matter how promptly you pay your accounts.

## AN ALL-DAY BATTLE.

**Col Boyless Drives the Rebels to Their Mountain Stronghold.**

By Cable to THE TELEGRAM

Manila, August 31.—Col Boyless reported to Gen. Otis today that to avenge the death and mutilation of four American soldiers in Cebu, he had driven a strong force of insurgents to their mountain stronghold, after an all-day battle. None of his men were killed or wounded, but eight were prostrated by the heat. The insurgents fired nails and scrap iron from six cannons.

## NOTES FROM HIGH POINT.

**The Local News From Our Neighbor Briefly Told.**

TELEGRAM BUREAU  
HIGH POINT, N. C., August 31.

We learn that our neighbor, Trinity, is on a boom, especially in the educational line.

Clay Bowman, recently of this place, but now of Reidsville, was in the city yesterday. While here he disposed of his property—the Bowman place, situated in South High Point, on Main street—Dr. W. J. McNally, of this city.

One of John Robinson's bill posters and advertisers was in this city yesterday painting the boards red for the coming of the circus to Greensboro on September 13th, and judging from the elasticity of the small boy's neck as he gazes upon the pictures, the poster man must have left some of his rubber behind.

Miss Rosa Baine Thornton, of this city, and Fleming Smith, of South Carolina, will be married Wednesday, September 6th, at 10:30 a. m., in the Methodist church here.

Quite a good crowd assembled in the Methodist church last evening to hear the Rev. Matsumoto, a native of Japan, deliver a lecture. He proved to be an interesting speaker, and held the attention of the audience from start to finish. His comparisons of the customs and manners of men and women of America to those of his country were especially interesting and quite amusing. He wore his native costume and exhibited several curios brought from Japan by him. The speaker seemed to be thoroughly aroused in the work for which he is now preparing himself to return to his native land and preach the gospel to his fellow man. All present enjoyed the talk immensely.

The children of High Point are all getting ready to enter school next Monday morning. And from then until commencement you will not find many, if any, idle boys and girls in this city. They all are glad to start to school because they love their superintendents and their teachers, and it makes school life to them one grand sweet song.

## SETTLE FOR THE AMENDMENT.

**In Favor of Restriction of the Ignorant Negro Vote.**

The following special from this city appeared in the Raleigh Post this morning:

Greensboro, August 30.—In an interview today ex-Congressman Thomas Settle stated that he would advise the adoption of the proposed constitutional amendment, relative to the restriction of the present ignorant vote of the state.

He added that he believed it would be the wisest thing for all concerned—"for the best wisdom of the state."

The adoption of this amendment, he added, will be the one and wisest solution of the most difficult problem now confronting the people of North Carolina, irrespective of race, and of all the southern states.

Although urged by friends to become a candidate for congressman of the Fifth district, or for governor, he said: "I am not willing to and will not stand as a candidate of a party for any office which makes opposition to the proposed suffrage amendment the basis of its platform." Mr. Settle continued, adding:

"In national politics I am a republican, pure and simple, but I declare to you that I have no sympathy with the political log-rolling now so much in vogue with some North Carolina republicans."

## Too Much Money?

A morning or two ago, the foreman at Brooks Mfg. Co., opened the office safe and discovered that something was wrong. There was no sign of burglars or safe blowers, yet the bottom of the safe had bulged out. This bit of news is given us by reliable authority, and the strange part of it is that not a cent of money was missing. The safe being almost new and of good make it is a mystery what caused it to collapse.

When you want school shoes for the boys and girls, don't fail to investigate Thacker & Brockman's line. They can furnish you with the kind of shoes you want, and their prices are extremely reasonable.

## JETER PRITCHARD THINKS

**The Constitutional Amendment Will Be Defeated.**

## COMING SESSION OF CONGRESS

**Will Be One of the Most Important Held for Years—Long and Exciting Session Expected.**

Special to THE TELEGRAM

Washington, August 31.—Senator Pritchard, of North Carolina, is in the city looking after the interests of the people of his state. The senator was seen at the Ebbitt House where he is stopping, and in the course of his conversation said that politically everything in the state is quiet, although the proposed amendment to the state constitution restricting suffrage is being agitated to some extent. The amendment, says the senator, will be voted upon next August, and at the same time the state officials, including governor, are to be elected. The senator is of the opinion that it will be defeated. The republican party in the state, he says, is united, in opposition to the amendment, and he is of the belief that a large number of democrats will vote in opposition to the proposed amendment.

The senator says that in North Carolina the administration of President McKinley is popular with the republicans, and he does not think there is any doubt of his re-nomination. The democrats will name Mr. Bryan, he says, and the senator believes that President McKinley will be re-elected.

Contrary to most reports coming from the south, Senator Pritchard says that the people of his state are in better shape today than they have been for many years. In some parts of the state, he says, owing to lack of rains, the crops are short, but in most sections the farmers are getting good prices for their products. The lumber industry of the state, he says, is in a very flourishing condition. The farmers of the state, says the senator, are satisfied with the McKinley administration, and he thinks it will be difficult to array them in opposition to the president.

The senator expressed the opinion that the coming session of congress will be one of the most important held for years, and the prospects are for a long and exciting session.

A large number of applications are being received at the war department from those who are desirous of securing commissions in the proposed regiment of colored volunteers. It is the belief that colored officers will be appointed in the new regiment to the grade of captain and lieutenant, and in making these selections preference will be given to those who served in the volunteer army in Cuba during the Spanish war. The colonel and the ranking officers will be white men.

Several white men have made application for commissions in this colored regiment, as captain, lieutenant and other grades.

Among those who desire a commission is Maj. A. J. Walker, of North Carolina, who it is understood has filed application.

Hon. J. M. Quarles, representative from the tenth Virginia district, to succeed Ex-Representative Yost in the next congress, is at the Hotel Raleigh, having arrived in Washington yesterday.

Mr. Quarles says that the people of his district are quiet so far as political matters are concerned, though there is some interest felt in the senatorial contest between Governor Tyler and Senator Martin. The representative is a very pleasant man, and it is believed that he will be a valuable addition to the delegation from Virginia, and will be able to accomplish much in the way of congressional legislation for the people of his district and the state.

Mr. Quarles is here looking after some department matters in which his district is interested.

Several changes have taken place in the treasury department. Among the changes is the promotion of William F. Carter, of North Carolina, office of the auditor for the treasury, from \$1,000 to \$1,200.

Miss Callista A. Baker, of Virginia, has been promoted from \$800 to \$900. She is employed in the office of the auditor for the postoffice department.

G. A. Hancock, a professor of manual training in Chicago, and Mrs. Hancock are visiting friends in the city. They have recently been visiting in Virginia, and are now on their way home.

Lieutenant R. Hepburn has been detached from the navy yard in this city and ordered to the navy yard at Norfolk.

Mail messenger service has been discontinued in North Carolina at Viola, Fender county, from Steamboat Landing, to take effect September 15th.

Office H. Tew has been commissioned postmaster at Falcon, N. C.

W. G. Thigpen, of Charlotte, N. C., is in the city for a few days on personal business. He is at the St. James Hotel.

## HE BOUGHT NEGRO VOTES.

**Charges Filed Against a Prominent Politician.**

Atlanta, Ga., August 30.—A special from Rome, Ga., says:

"William Gammon and J. L. Camp filed charges today against T. M. Dent, principal of the colored schools, and asked the school board to declare his office vacant. It is alleged that Dent sold his vote for a large sum of money in the municipal and fall elections of 1898. It is charge he made a business of buying negro votes and speculated upon them, selling to the highest bidder. They claim Dent is a corruptionist and unfit to hold office."

"Dent is a prominent politician, a leading member of the republican congressional committee and is also connected with the executive committee of Georgia. He has been principal of the negro public schools here seven years. The charges against him created a sensation."

## THE SOUTHERN SUMMER SCHOOL.

**Dr. Melver at Blowing Rock Talking About It.**

Blowing Rock, August 28.—An important and enthusiastic meeting of the citizens, summer residents and visitors of Blowing Rock, was held in the ball room of the Watauga hotel Friday at 10 a. m. It had come to our ears that the State Normal and Industrial College at Greensboro, intended establishing a great Southern summer school, and would probably locate it in the mountain region of our State. Dr. Chas. D. Melver, the enthusiastic president of the college, was in our midst, enroute from Boone, where he had been holding a successful teachers' institute, to his home in Greensboro.

The friends of Blowing Rock invited Dr. Melver to meet us and tell us more fully of the proposed school. This he did with his accustomed force and clearness, and invited Blowing Rock to enter the contest for the location of the school, especially emphasizing, however, the fact that he had no authority to close any contract, but only was empowered to submit all bids to the trustees of his institution, who would select the site.

Mr. Taylor, of the Blowing Rock hotel, was called to the chair, and Dr. Martin, of Davidson College, was appointed secretary. Dr. Melver spoke earnestly and clearly in exposition of the advantages to the place to be derived from the presence of such a school, and of the many natural advantages Blowing Rock offers for such an enterprise. The atmosphere of refinement, culture and education attendant on such a school, the increase in the valuation of property in the locality, the interest in the many lectures and courses of famous educators from all parts of the union, which would be very attractive to those who come here primarily for health, were points touched upon and developed. The glorious climate, cool enough for earnest work, the altitude of near 4,000 feet, the magnificent views, the forty and more miles of beautiful graded drives and walks, the ease of access and the reasonable cost of living were among the points mentioned in favor of this place as the home of the school.

The doctor's idea is to establish a summer school second to none in the United States and which shall draw patronage from the teachers of half the states of the Union. Dr. Melver gave it as his opinion that the trustees of the State Normal and Industrial College would manage the school in the name of the State if the people would provide the site and suitable buildings costing probably \$6,000.

The talks from prominent men that followed were enthusiastic and to the point in that a generous subscription followed each one. Eighteen hundred dollars was subscribed on the spot and one of a thousand was suggested as being available. A committee of Mr. W. W. Stringfellow, of Ansonia, Ala., a prominent bank president of that place; Mr. Moses Cone, of Greensboro, of the Cone Export Company; Maj. G. W. P. Harper, of Lenoir, president of the bank of that place, and also of the Carolina and North-western Railroad, and Mr. Taylor, of Blowing Rock, one of the proprietors of the Blowing Rock Hotel, were appointed a committee of ways and means to act at once. The meeting then adjourned, when the committee as above given met and appointed sub-committees to meet at 10 a. m. at the Watauga Hotel.

There was no note of discord and no idea of failure. We feel that the school is assured. Of the progress of the work your readers, many of whom will be deeply interested, will be informed.

Henkel, Craig & Co., proprietors of the hack line, promise great reduction in fares to matriculates and no doubt the railroads will encourage the venture by specially low rates.

If successful, next summer will see the school in session and several hundred teachers gathered here for six or eight weeks of earnest work and joyful recreation. Dr. Melver leaves in the morning, but leaves the work in the hands of men who will see it all brought to a successful issue.

### AMENDMENT WILL CARRY.

The amendment to the constitution, having for its end the restriction of ignorant suffrage in North Carolina, is going to be carried, unless all present indications are widely misleading. There is evidence piling up daily that the majority of the white people of North Carolina—democrats, republicans and populists—do not desire the state to remain longer in the hands of shameless politicians who have heaped disgrace upon her good name and who have polluted her noble institutions with vice in every form.

The bold statement of Hon. Thomas Settle, of this city, appearing in a special to the Raleigh Morning Post today, and which we reproduce elsewhere in this issue of the Telegram, cannot fail to do inestimable good to the cause of white supremacy and good government throughout the state. And especially must his declaration have a fine effect on those republicans of Stokes, Wilkes, Surry and Yadkin, and other western counties, to whom the smallest utterance of the brilliant ex-congressman has all the weight that was anciently imputed to an ebullition of the Oracle of Delphi.

Mr. Settle is easily one of the brightest men of his party in the south. Moreover, he is a gentleman of broad culture, high character and finest extraction. We are glad that he has come out bravely on the side of the right—for the best interest of our loved state.

The amendment is gaining ground fast.

It is noted that Mr. Walter H. Page, the brilliant North Carolinian who has won such a high position among Amer. an literary men of the day, has resigned from the editorship of the Atlantic Monthly to accept a prominent post in the director of the literary work of the allied houses of Harper & Brothers and the Doubleday & McClure company. We are it, of course, that this means a promotion in a financial way. It would be difficult to find a place of greater distinction than the editorship of the Atlantic so far as current periodical literature is concerned.—Norfolk Landmark.

Yes, it was the "almighty" dollar which tempted Mr. Page away from his position of literary glory. He is now where, doubtless, he will seldom be heard of, but his purse will be fatter.

We are informed that a prominent and able lawyer of Charlotte is engaged in writing the life of Dr. W. S. Cressy. We hope the biographer will take sufficient time and care to do ample justice to his subject. There are few Carolinians, dead or living, who did more during their lives for God and humanity than the lamented Cressy.

The French judges before whom Dreyfus is being tried, are said to be harassed with a serious division of opinion. For a long time, while the evidence was all against the prisoner, the generals pulled together. But since it has been demonstrated beyond the shadow of a doubt that the scoundrel Esterhazy wrote the bordereau, they are getting fractious, and while some of them doubtless stand for the innocence of the accused, the world may not be surprised any day to hear that a verdict of "guilty" has been rendered. Such is French justice.

### OAK RIDGE ACORNS.

This Excellent School Opens With a Brilliant Outlook.

Correspondence Telegram.  
Oak Ridge, N. C., August 31.—Oak Ridge opened on the 22nd inst. with a very brilliant outlook for the scholastic year of '99-'00. All the classes are full and new ones are being organized daily.

Society work has begun in earnest and both societies are struggling for a majority of members. At present Philomathean leads.

The band has been organized with about twenty members. Prof. C. Z. Whitaker has ordered some new instruments and says the band of this year bids fair to excel any former band in the history of O. R. I. Oak Ridge is the only educational institution in North Carolina having a band of its students.

Among the athletes with us this year we have Wright, Bennett, Malone, Hamer, Joyner, Taylor, West and Kirkpatrick, of the football team of '98. Practice on the gridiron began this week and all the candidates for positions on the team are hard at work. A southern tour is being arranged and a northern tour will be made. Greensboro will probably get two or more games.

"The Marvapolire" is the name of a secret society recently organized here.

About three miles from Oak Ridge live an old man and his wife who own a horse that was at one time one of the finest animals in this country, until they looked him in his stable and kept him there for fourteen years.

When he was young his owner thought him too handsome to work so he put him in the stable until now he says the horse is too old for labor. The horse's hoofs are about a foot and a half in length, and his mane and tail touch the ground. The horse has never been out of his stable since first put in, although several show companies have tried to persuade his eccentric owner to sell it.

### A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back or weak knees, malaria or nervous troubles. "I mean he can cure himself right away by using Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and indigestion. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50¢ a bottle at C. E. Holton's drug store.

One Minute Cough Cure, cures. That is what it was made for.

### No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children like it. Adults prefer it to bitter nauseating tonics. Price, 50c.

A Market street clothier makes this ambiguous announcement: "Serge suits \$4.95. They won't last long at this price."

# THE ONLY Big Show That Will Visit GREENSBORO THIS YEAR

"After all, Old Things Are Best." The Old Reliable

## OLD JOHN ROBINSON SHOW

Which you have known, respected and enjoyed through three generations, will visit you on

Wednesday, September 13th.

THAT WILL BE A GALA DAY!

For over three quarters of a century the people of beloved North Carolina and the south have claimed the old John Robinson Show as their favorite. Your grandfathers and grandmothers have sounded its praises, and many of the grown up sons and daughters of famed North Carolina early learned to love the name of Old John Robinson with their baby lips and ever since have proved, like true North Carolinians, their loyalty to the show of their youth and no other amusement organization ever will or ever has held the place in the hearts of the whole people like the old reliable John Robinson Show and now after a long absence during which time it has assumed ten times the proportions in merit, size and magnificence, it comes to

Greensboro One Day, Wednesday, September 13th.

## John Robinson's Ten Big Shows

In connection with the Grand Biblical Spectacle, Solomon, his Temple and the Queen of Sheba. Without a parallel, acknowledged by a universal public the one distinctly Great Show, the greatest Exhibition of America. Three big circuses, four big rings, three big menageries, one prodigious aquarium, one complete aviary, one grand Biblical spectacle, ten truly great shows, one gigantic museum. For seventy five years through three generations this mighty and powerful amusement has exhibited in every state in our vast union and the name of John Robinson is alone a guarantee that the performance under the vast canvases by far exceeds all others in merit, originality, magnificence, variety and quality.

## THE MENAGERIE

Surpasses in magnitude and completeness the largest known zoological collection in the world. One of the special features of the big triple menagerie is the largest snake alive—25 feet long.

Two Great Special and Exclusive Features Secured at Immense Expenditure.

A school of Sea Lions, the only one on exhibition in America. Also a herd of Philippine Water Buffaloes, direct from Luzon Island, Manila.

## THE CIRCUS FEATURES

This season, obtained from Europe and America, will amaze and startle the world. Nothing like them ever before presented in this country. The most novel bareback riding acts ever witnessed. From nine to twelve of the world's greatest champion Lady and Gentleman Equestrians riding in four rings at one time. This feature is new and original with this show.

## MORE FOR THE MONEY

Than any other three circuses furnish their patrons. Larger, costlier, and more distinctly original tableaux, cages and dens than owned by any big show in the world. Most costly costumes, more scenery used in the one great feature of Solomon and the Queen of Sheba than in the entire combined features of any other exhibited in the country. Over \$100,000 expended in this production alone. 100 of the most beautiful dancing girls in America.

## THE GRAND STREET PARADE AND ROBINSON'S HORSE FAIR

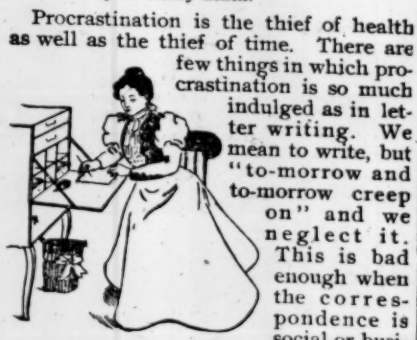

An innovation in itself. A truly magnificent pageant. A feature of the free street parade is the grand spectacle of forty of the smallest ponies ever harnessed and driven at one time. Don't fail to see them.

TWO PERFORMANCES DAILY.

## Old John Lowlow the Clown,

Will Appear at Each Performance.

"To-morrow, and to-morrow, and to-morrow, Creep on in petty space from day to day And all our yesterday have lighted foods The way of dusky death."

Procrastination is the thief of health as well as the thief of time. There are few things in which procrastination is so much indulged as in letter writing. We mean to write, but "to-morrow and to-morrow" and we neglect it. This is bad enough when the correspondence is social or business in its character, but when it concerns the vital issue of health it is infinitely worse. This touches you, if you are one of the women who have felt inclined to take advantage of Dr. Pierce's offer of a consultation by letter. You have studied the evidence which shows how other women have been cured. You cannot doubt but that Dr. Pierce's Favorite Prescription does cure diseases peculiar to women; irregularity, ulcerations, inflammations, bearing-down pains. You cannot doubt it, because of the force of the testimony of hundreds of thousands of weak women made strong, and sick women made well, and you mean to write to-morrow.

Write to-day. Your letter will be read in private, its contents guarded as a sacred confidence, and an answer promptly mailed you in a plain envelope without any printing upon it. Address Dr. R. V. Pierce, Buffalo, N. Y. "When I wrote you about my ailments I was living in Richmond, Iowa," writes Mrs. M. V. of 449 South Liberty Street, Galesburg, Ill. "I took six bottles of Dr. Pierce's Favorite Prescription, four of the Golden Medical Discovery and four of Dr. Pierce's Pleasant Pellets. Before I had taken four bottles of the Favorite Prescription I was able to do my work. I cannot make pen describe my heartfelt gratitude, but will confirm the truth of all I say if those who write include stamped envelope for reply. Dr. Pierce's Pellets are a natural aid to beauty. They clear the complexion."

## A NOTABLE AMUSEMENT EVENT.

Solomon, His Temple, and the Queen of Sheba.

John Robinson's ever popular and ever welcome shows come to us this year with such important accessions and augmentations as to overshadow all contemporary amusement ventures. They have not only materially enlarged and strengthened their ring and hippodrome performances, and largely added to their already vast menagerie, but are producing an astonishing new feature, which can but commend itself to all classes of patrons. We allude to the grand biblical spectacle of "Solomon, his temple and the Queen of Sheba." Unerring in historical accuracy, faithful in scenic delineation, realistic in depiction of incidents and events, impressively grand in pageant effects, magnificent in costumes and appointments, entrancing in musical features, bewitching in beautiful ballets, and exciting in games and chariot races, this unique and sublime spectacle will commend itself to every visitor. The show will exhibit at Greensboro, Sept. 13.

Is It Right for an Editor to Recommend Patent Medicines?  
From Sylvan Valley News, Brevard, N. C.  
It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

### DON'T MENTION IT!

The Pantry Thieves Again Raiding in South Greensboro.

Whom the Greensboro pantry thief has "spotted" had as well open his pantry and sleep in peace. For, otherwise, the thief will open it for him, and will not awaken a single occupant of the house. Out of the scores of pantries robbed here within the past few months, none of the victims have known it until next morning, and no evidence leading to the arrest of the thief has ever been secured.

The thieves have again visited South Greensboro. They made a raid at two houses on Ashe street last night, robbing two pantries, and this morning, two more families arose to find themselves without breakfast. Thieves have heretofore never taken anything that would give a clue, but last night they took from one of the pantries a large brass kettle, which, if the police can find, will lead to some arrests.

### Both Doing Well.

While in Richmond, Va., yesterday, the writer had the pleasure of calling on Mr. T. Chas. J. Brockmann, and Commissioner of Agriculture Kolner, formerly of this city. Both of these gentlemen and their families are well and happy and prosperous. Mr. Brockmann and Mr. Kolner asked particularly about friends here, and each of them retains the warmest feelings for and cling to pleasant memories of Greensboro. George P. Phillips, a Greensboro boy, is also there and doing well.

## General Wheeler

Taking in the situation around Manila. Now let Uncle Sam relieve Otis and give the old Butternilk Ranger a half chance and you'll very soon hear the insurgents calling for the calf rope. The name Butternilk Ranger was given to our cavalry during the 60s. An army to be victorious must have confidence in their leader. Take the record of General Jackson. Why, the soldier under him knew no such thing as defeat, and to just say that Jackson in the year was enough to throw consternation in the camp of the enemy. Confidence is just as important in the commercial world, and the mere mention of the name

creates a panic in the mercantile arena. We cannot understand how we can always get in the rear of their prices, but this is easily explained. For we have a leader that knows every hog path that leads to the manufacturing plants of this country and keeps posted. In this way you see we only buy from first hands, thereby saving the middleman's profit. Our buyer spends weeks in the market. Take the army of stores—Charlotte, Greensboro, Monroe, and Union, S. C., and you will at once see that it requires tons upon tons of goods to supply them. Buying so largely we take the entire output of a number of factories. In this way we get the inside prices. Our buyer will soon
